INTRODUCTION

Pennsylvania Highway Statistics is annually updated to summarize a variety of highway mileage and travel information in Pennsylvania. Most of the information is derived from the Highway Performance Monitoring System (HPMS) and reflects 2025 travel activity and highway conditions.

The collection and compilation of this information was accomplished with the assistance of the Federal Highway Administration, Pennsylvania Turnpike Commission, Metropolitan Planning Organizations, Rural Planning Organizations, toll authorities and others. Without their support, this report would not be possible.

It is our goal to continuously improve this annual report as a service to anyone interested in Pennsylvania Highway Statistics. Any comments or suggestions will be greatly appreciated.
